

Revised Programme

	10am	11am	12	2pm	3pm	4pm
Monday			Lunch	Derek Long Dynamics of Complex Systems	Des Higham Dynamics on Nonsymmetric Networks	
Tuesday	Jane Hillston "Performance Modelling of Markov Processes"	Anne Smith "Using Time Series Data to Discover"		SICSA Complex Systems Engineering		
Wednesday	Brian Williams "Model-based Coordination of Complex Networks"	Greg Michaelson "Autonomous Mobile Programming"	Lunch	Cees Witteveen "Coordination in Planning and Scheduling"	Holger Hoos "Automated Algorithm Configuration"	
Thursday	George Coghill "Quantitative and Qualitative Modelling of Molecular Biological Systems"	Eiko Yoneki Wireless Epidemic in Dynamic Human Networks	Lunch	Joerg Hoffmann "Validation of Semantic Business Process Models"		Youssef Hamadi "Parallel SAT Solving"
Friday	Alessandro Moura "Stochastic Models in Systems Biology"	Holger Hoos "Taming the Complexity Monster"	Lunch			

Revised Programme

5pm	7.30pm
	Reception
