

Community Garden Report

September, 2021

A creative way to encourage everyone to think and share ideas
on community garden.

Today's Agenda

About PSD

Community Garden in Urban Nepal

Community Garden in Rural Nepal

Conclusion

INTRODUCTION

- Director of PSD Nepal
- Representative from Asia for Nature Action Collaborative for Children- World Forum Foundation - USA
- Country Liaison Childhood Education International - USA

Mr. Bishnu Bhatta

“By instilling in young children the importance of environmental stewardship, we will plant the seeds for new generations that will be able create a brighter future for themselves and also make an impact on nature.”

Zinnia

Mung

Grams

soya bean

Maize

Peas

Rice

Interactive learning: Learning about local flora and fauna which the teacher ties into the student's curriculum

The Friendship Garden: the school's vegetable patch planted by the students.

Learning basic practical knowledge about plantations and composting and making the school environment clean, green and healthy.

Planting the trees and thinking about the fruits that will grow

Making sure the job is well done

PSD work in Plantation

- PSD Plantation Project
- Tri Ratna Cooperative School (TRCS) project
- Learning from mother nature
- Tree plantation scheme
