Sessions details

Round table – Key speakers will present current work on policy design and implementation to address youth homelessness

Group activity - will discuss together the key findings that emerged during seminars 1 and 2 to reflect on practical ways to take forward main principles and recommendations to improve service provision

Graffiti workshop - Spectrum Arts will be leading this moment. They are an innovative, grass-roots company for those looking to engage with the graffiti and street art movement. Participants will be invited to produce 2 panels reflecting the final recommendations of the programme. These panels, product of this third and last event will be placed in organizations working with youth.

Lunch break with **Strathclyde Youth Jazz Orchestra** composed by young people aged 12-26 years old.
